

Custom Built Trust and Value

It's All About You!

David & Goliath Builders has been one of southeastern Wisconsin's premier builders of custom homes and living spaces for over 18 years. Their success can be attributed in part, to a simple, but often overlooked, premise of quality being more important than quantity. David & Goliath Builders chooses to build a limited number of homes each year to ensure the highest level of quality is maintained on each project.

Quality craftsmanship is not just a catchy phrase at David & Goliath Builders. Instead, it is the mission in everything they do. The result of their efforts is a very well built home, with your complete satisfaction throughout construction. With this mission, it is easy to see how David & Goliath Builders are "all about you."

To help ensure quality craftsmanship is maintained, David &

beautiful homes David & Goliath Builders builds or remodels.

Also on staff at David & Goliath Builders are a team of designers working directly with you to custom design your dream house. The ability to use three-dimensional Computer Aided Design (CAD), detailed changes to floor plan of your dream home can be completed quickly. With the help of these designers, David & Goliath Builders has won numerous awards including "The Grand Award" in the 1999 MBA Parade of Homes.

When you build with David & Goliath Builders, you will quickly realize the hard work and dedication that goes into each home. David & Goliath Builders has a different perspective than many builders

in the market. Having worked in every phase of the trade, they truly are an experienced, "hands on" builder. Many builders have never actually built a home, they have never been out in the field with a hammer. But the people at David & Goliath Builders really do build each home.

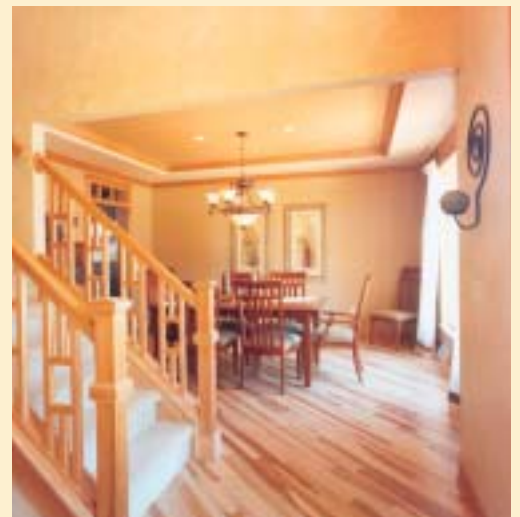

Trust and a strong reputation do

not just happen. They are earned. David & Goliath Builders has an impeccable reputation both in the building industry, as well as with previous customers. Through hard work and dedication, David & Goliath Builders has provided some of the best craftsmanship, value and service in the area. With controlled growth and only building a set amount of homes each year, they are able to focus on quality, not volume.

In the beginning, David Rodrigues, President of David & Goliath Builders, worked as a skilled carpenter through

Goliath Builders, Inc. employs their own crews of masonry, framing and finish carpentry and landscaping craftsmen. Since these craftsmen are employees of David & Goliath Builders, they are very dedicated and take pride in their work. This dedication and pride is easy to recognize when looking at the

high school and college. His partner, at the time, was a black lab name Goliath. While out in the field, David became aware of some of the biggest weaknesses in the building industry. Craftsmen did not care about their work. On top of that, most builders did not actually build. Instead, many were merely general contractors who hired subcontractors. David wondered how someone could be a builder if they never had hands-on experience. He knew he could become a great builder, because he actually knows how to build a house and he could motivate a team of true craftsmen to work together.

In 1985, David & Goliath Builders, Inc. was formed. Sadly, Goliath is no longer here, but his name lives on. The homes are still built with the founding principles of hard work, quality craftsmanship and good communication with everyone involved in the construction process.

Trust and value are two words which accurately describe David & Goliath Builders. When building a home, you want to build with someone you can trust, and know you are getting a great value for the money. David & Goliath Builders understands these concerns. They have worked hard and found the best craftsmen, so

you will have one less thing to worry about.

It's easy to see the many ways David & Goliath Builders are "all about you". With easily customized and stunning designs, superior products and craftsmanship, and well earned trust, building your new home with David & Goliath Builders will be exciting, easy and a great value.
